There is \$5970.74 left on the Road District account that will be paid to Stagecoach crossings as funds become available.

Old Business

Dusty is been active cutting the bug trees marked by the state and should finish by the end of the year. He has been paid \$1240 so far and still has several lots to finish. The estimate of a final cost is approximately \$2000 for cutting and chunking the logs. After this work is completed, Linda Fellows will complete application for reimbursement to SD Forestry . This should offset most of the cost we have incurred.
